

Meet: Mrs Howarth

Welcome

I am really looking forward to working with Year 5 and 6, welcoming back the children I worked with last year and meeting some new faces. I am excited to get started with some new topics and projects, especially if they involve making and crafting!

A little about me

I have worked at St Andrew's as a HLTA for two years now and I love it! Previously I have worked as a teacher for over twenty years in a variety of schools and locations. I live with my husband, three teenage children and the love of my life, my miniature schnauzer called Mario.
